The 2nd Church Record

The Sw. Ev. Luth. Church

of

Astoria, Oregon.

Transcribed from the Old Register

— 1899 —

Chronological Record up to page 25 and to end of 1916.

Alphabetical Order pages 26—58 for yr. 1917.

Remark by E. O. Johnson, Jan 16 1918.

Chronological Order to be resumed in this book as soon as possible (1918)

The alphabetical order was not complete by any means. The names of Mr. Emil Rasmus and families, two times omitted, though found in the chronological record. There should be and are now two books one for the "clerical acts" classified, and to be transferred into this book, which should contain names of communicant members chronologically as taken into the confirmation with space enough to enter in case of families, children born. A good rule to follow is to transfer (from parish page) and give a seperate space to anyone as soon as confirmed or married thus showing that such person has become a communicant member. The book of "clerical acts" should forward its items to pages in this book. Thus this book will contain a complete record of families whether all are members of the church or not at any one time. Valuable for references purposes. [Note by E. O. Johnson] at the beg. of Eng. book

The alphabetical Index should be sufficient in all cases to locate any name in any part of this book.

Verily I say unto you whosoever shall not receive the Kingdom of God as a little child he shall in no wise enter therein.
